Subject: RE: Photos for running ppt for event

Attachments: Post-doc doing cookstove emissions test.pptx [505 KB]; Kavlock briefing - cookstoves Rev1.pptx [3024 KB]

Hi Bryan,

I think the Alliance would have great professional photos including in-country shots and Regional Testing Centers.

Attached are slides that include photos of the lab work and regional testing center workshop participants.

Thank you!

Jim

Importance: High

Hi,

Thanks for all the great input you have all provided along the way to the event on Tuesday.

I hope to see you all there (if you haven't been invited please let me know, you should have!)

I also want to give you an opportunity to provide some photos if you would like. It would be great to have some in country shots and some shots of the lab work and regional testing centers too, if you want to send them.

Thanks!

Bryan

Importance: High

Nick/Sunny,

Please gather all the photos of the grantees and cookstoves that we want to submit to the running ppt for the event – and send them in one email to me, Bryan and Sherri.

Bryan/Sherri/John,

Please review the graphics when they come and make sure there are no concerns. This is for the a running ppt of graphics prior to and following the remarks that will be on the TV screen throughout the 12th floor.

Thanks,
Kelly
